To Whom It May Concern:

I was becoming painfully aware that my retirement income was not going to meet my needs. Although quite skeptical about this "reverse mortgage" thing I was hearing about, when I saw my old hero Maverick (James Garner to you non-western fans) pitching the concept, I decided to look into it. BEST thing I have done in a long time. My reverse mortgage has changed my life from one of financial deprivation to one that enables me a few luxuries, i. e. occasional dining out, weekend vacations, etc. Most of all, I am no longer afraid of losing my home. The fact that the mortgage is protected by HUD also is comforting. I must add on a personal note, that after the required preliminary consultation I was given the names of five (5) agents and called all of them. David Tourtillott of Allied Home Mortgage Capitol Corp. was way ahead of the rest of the pack as far as prompt response, knowledgeable, etc. and was my choice and I am very happy with his service.

Sincerely,

Carol from Bridgewater
